To Whom It May Concern:

It is quite easy to write a letter of recommendation for Marshall Industries. I had the pleasure and privilege of working very closely with James Murray and his team over a 16 month period in the construction of a 104,000 square foot Christian worship center for our congregation in Casper, WY. Marshall Industries worked as our Audio/Visual contractor on this project, and I was the Owner Representative for the church.

The Marshall team consistently went above and beyond the scope of their work to ensure that we got an excellent system at a very reasonable price. They were also willing to help us coordinate and install re-purposed equipment from our old worship center, which we greatly appreciated. When change orders were necessary, which were very few, we felt that their pricing was fair and quality work was done throughout our project.

I'm not sure I will have the opportunity to work with Marshall Industries in a professional setting again, but I would welcome the opportunity to do so and they would be the first Audio/Visual contractor we would call. I would be happy to answer any questions that you may have about Marshall Industries and our professional relationship, so please feel free to contact me if you would like any further information.

Sincerely,

A handwritten signature in black ink that reads "Marc Sundstrom". The signature is written in a cursive, flowing style.

Marc Sundstrom
Administrative & Discipleship Pastor
